2A. Project Detail

- 1. CoC Number and Name:** MA-505 - New Bedford CoC
- 2. Collaborative Applicant Name:** City of New Bedford

- 3. Project Name:** MA-505 CoC Planning Application FY 2021

- 4. Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

The New Bedford Continuum of Care (Homeless Service Providers Network, "HSPN") proposes to use 2021 Planning Grant funding to hire/retain staff and/or consultant services in support of the Continuum's HMIS system. Responsibilities for the staff/consultants that will be hired/retained shall include, but not be limited to:

- Supporting the CoC in its efforts to improve employment, income, housing, health, service and other outcomes within the Continuum.
- Providing oversight of the CoC's Homeless Management Information System (HMIS) including serving as liaison with the HMIS software vendor and their representatives and any consultants retained by the CoC in ensuring the efficacy of the HMIS
- Providing ongoing technical support with HMIS-participating agencies relative to HMIS, data entry and security protocols
- Analyzing and reporting data from the CoC's HMIS for all CoC and ESG projects
- Performing regular data quality checks and monitoring for statistical trends and/or deficiencies
- Communicating with HMIS Lead Agency staff on an ongoing basis as to performance metrics and individual/system-wide data reporting
- Preparing regular and ad-hoc reports, analyses, presentations, charts, graphs and other documents as may be assigned
- Designing, developing and implementing security procedures related to data input, sharing and viewing by HMIS participating agencies
- Providing troubleshooting assistance on behalf of the CoC and HMIS user agencies
- Evaluating, recommending and incorporating new and emerging data science tools and methods into organizational processes and systems
- Participating in relevant in-service programs and other self-directed learning activities which promote growth relative to position responsibilities
- Performing other duties as assigned

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Upon receipt of an executed grant agreement from HUD estimated as being the summer of 2022, the CoC's Homeless Service Providers Network (HSPN) will finalize job descriptions and advertise for HMIS support staff, either through the City of New Bedford's customary process and/or through a published Request for Proposal (RFP) distributed to recognized homeless/housing technical assistance firms specializing in HMIS work. (NOTE: completion of previously funded planning grants will not impact the CoC's ability to immediately begin this process; this particular planning grant is not reliant upon conclusions arising

from any such previous grants).

The job description/RFP will incorporate HUD guidelines and best practice models in its description of qualifications and responsibilities for the position/s along with a proposed timeline for selection/hiring. The HSPN's HMIS Lead/Collaborative Applicant--the City of New Bedford's Office of Housing & Community Development (OHCD) will be responsible to overseeing this process which it anticipates will result in the hiring and onboarding of HMIS staff prior to or during late 2022.

Effective and timely completion of work will be in two parts--one residing with the OHCD in ensuring timely advertising and retention of HMIS staff and a second being the ongoing work of the intended staff/consultant. Staff shall be afforded regular support and supervision as well as ongoing performance feedback and formal evaluations (6 month/1 year cycle). Should consultant be retained, the contract to which they will be required to be a party will specify clear measurable goals, outputs and outcomes.

The City's OHCD will manage this CoC Planning Project setting expectations and deadlines clearly with the selected staff and/or agency to ensure timely and efficient completion of all work.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

The CoC's Homeless Service Providers Network (HSPN) is requesting funds specifically to improve its HMIS system and in turn, better understand existing characteristics, outcomes, trends and opportunities that exist for the purpose of improving/enhancing overall CoC and ESG project performance. Challenges inherent in existing staffing limitations preclude regularized technical support to all who need it. Likewise, the CoC recognizes that the HMIS Lead requires support to enhance its ongoing performance expectations.

Quite simply, greater technical support, by virtue of consistent, competent and reliable personnel who are available to support agencies and the HMIS Lead Agency, will significantly improve the CoC's ability to evaluate the outcome of its CoC/ESG projects.
